

BECOME A G5 SUPERFRIEND TODAY!

NER Class O 0-4-4 (LNER Class G5) locomotives served their purpose well for over 60 years, and throughout this time, didn't require any substantial design changes. Designed by Wilson Worsdell in 1893, 110 were built between 1894 and 1901 but none have survived. The Class G5 Locomotive Company want to bring back this lost North East legend and are already over half way there. The Friends of the G5 Locomotive Company are assisting in the build and have raised a substantial amount of money to put towards this new build – these funds have been raised through our Superfriends scheme.

G5 SUPERFRIENDS

Like many other new build projects, this cannot be made possible without your support. The Friends of the G5 Locomotive Company are re-launching their Superfriends scheme, with the intention of recruiting as many people as possible to donate a relatively small amount of money on a regular basis. We are asking people to donate from as little as £5.00 per month (or even better £10.00), to give the locomotive the financial boost it needs.

Donations made through Superfriends, can be converted into shares, giving you 30%* tax relief, or can be simply left as donations towards the new build.

* Tax relief is obtained through a government run scheme.

SUPERFRIEND BENEFITS

Joining us as a Superfriend will give you the following benefits:

- A seat on the first train pulled by the G5 – **free of charge**
- A cab ride in the G5 – **free of charge**
- An opportunity to become a Shareholder (not compulsory!)
- A regular newsletter
- An invite to our annual conference

We do hope that you consider joining us, please see our application form overleaf.
